

Dave Harvey

I have been fighting various illnesses affecting the motor nerves throughout my body for several years, and as a result I've been registered as disabled since 1996. Since joining Kleeneze the month before my 66th birthday in February 2010, I have worked through daily physical challenges. However, I have been using the business to help focus on the more positive aspects of my life. In doing this I have received 100% support from my wife Liz.

The initial target that Liz and I set for ourselves was to earn an extra £200 every month. As neither of us had been involved in Network Marketing before, we thought this might be quite a challenging goal for us to initially achieve. However, fortunately, we had the infinite patience and help of our fantastic up-line.

We were taught how to present catalogues at each house, and in April 2010, using only 50 catalogues, we achieved our first 10% bonus level. We achieved this each month until August 2010 when we achieved the 13% bonus level. Our business continued to expand and in October 2010 we qualified for membership of the 2,000 club, (we retailed over £2,000 in a 4 week period). The cheque below shows how much we earned from doing this.

January 2011, a new year and a new set of goals. Many of our customers have become our friends and the longer we look after them, the easier it gets. We are now enjoying a part-time income that is higher than we ever dreamed of less than 12 months ago.

Let us show you how a few hours of your spare time, each week, can improve the quality of your life beyond anything you could ever hope for.

Given the physical challenges that Liz and I face, and our achievements, we know that with the same backing from your upline as we received . . . anyone can do equally well!
